*Landscapes of Injustice* is pleased to invite members of the general public and the Japanese-Canadian community to join us for a program of events exploring the 1940s dispossession of the property of Japanese Canadians. Please join us on Friday, April 28th, 2017 at the University of Victoria from 9:00 am-5:30 pm.

Each year in late April the *Landscapes of Injustice* research project holds its annual Spring Institute that brings together the entire research collective to share and discuss their most recent research findings and analysis. This year, we have also made this an opportunity for members of the public to learn more about our project and this important history. The Spring Institute public day is free and open to the public and all are welcome to attend any or all of the sessions on Friday, April 28, 2017.

*Landscapes of Injustice* will be chartering a bus to help facilitate attendance of members of the community from Vancouver and the lower Mainland. The bus will depart the Nikkei National Museum approximately 9:15 am on Friday, April 28, and arriving back at the Nikkei National Museum at approximately 9:30 pm. Pre-registration is required for the bus.
